The football equipment issued to your player is the property of the Venice Vikings Football and Cheer Association and is on "loan" to you for participating in the 2019 Football season with the Venice Vikings. The players are issued equipment at the beginning of the season and must be returned at the end of the season. Misuse of the equipment may result in its collection and dismissal from the program. In the result of early termination from the Venice Vikings program, you are required to return your equipment within 2 business days after your last practice. Equipment return after the season is complete will be announced at a later date.

You are responsible for proper care and returning the original equipment loaned to you. If the equipment returned is not the original items loaned to you, or equipment is not returned in its original shape – within normal wear and tear, you will be billed for missing or damaged items. Replacement cost can reach up to (\$300) per player. If the player's equipment or payment for equipment is not received the player WILL NOT be eligible for the next season of play. In the event that equipment is returned dirty, a \$50 cleaning fee will be charged. While it is unfortunate that a policy like this has to be established it has become necessary due to players not returning issued equipment and the Venice Vikings organization occurring cost that are unneeded and unnecessary burden to the organization. All equipment must be turned in so we can get an accurate inventory for next year.

By signing below, you agree to take responsibility and care for the equipment and you accept the obligation of the replacement costs for the equipment if it is not returned as specified above.
